

AMERICANS ON BOARD VESSEL SUNK

U.S. MAY USE ALL VESSELS IN WAR TIME

Administration Will Back Passage of Bill That Will Confer Authority.

ANY AND ALL SHIPS NAMED

By Associated Press.

Washington, Feb. 7.—Sweeping provisions for commandeering vessels and other shipping facilities in case of war or threatened war are contained in a bill introduced in both senate and house today and backed by a request from the administration that it be pressed to immediate passage.

The president would be authorized in the bill to take over "in time of war or any proclaimed national emergency" any vessel owned by a citizen of the United States or by a corporation organized in the United States any vessel belonging in the United States any vessel registered under the American flag, any vessel purchased, leased or chartered by the federal shipping board, or any other instrumentality of water commerce within the country, including docks, warehouses and other terminal facilities.

A provision is attached specifically prohibiting sale of American vessels to foreigners or to the transfer to foreign flags in time of emergency.

May Stick to Rules.

A feature to which officials attach particular significance is a provision that the property to be taken over may be seized without notice if the president believes the emergency warrants it, though the federal government "thereafter shall pay the person interested the fair value of the property so taken to be determined by appraisers, one appointed by the board, one by the person interested and a third by the two so appointed, the finding of such appraisers to be final and binding upon both parties."

For the purposes of the act it is provided that any shipping concern, a majority of whose stock is held or controlled by American citizens, shall be classed as an American concern. In a joint statement tonight outlining the purposes of the bill, Senator Fletcher and Representative Alexander declared it essential that such powers be possessed by the government prior to the opening of hostilities and even when, as now, there is great doubt as to the possibility of hostilities in order that the nation may be ready for any emergency arising out of any serious international situation even though the chances of a peaceful situation outweigh those of a more serious outcome.

MASK OF HUMANITY IS THROWN ASIDE

BONAR LAW SAYS GERMANY WILL NOT STOP AT ANY MEANS.

By Associated Press.

London, Feb. 7.—In the house of lords today the Marquis of Crewe reviewing the situation much as Andrew Bonar Law, the chancellor of the exchequer, had done in the house of commons, said that Germany had thrown aside the mask of humanity by her latest utterances and had promised warfare of unequalled savagery which was staggering not in the sense its authors hoped, but to those who contemplated Germany's moral position.

The speaker said he knew of no parallel in modern history for Germany's act. Even Napoleon as they were, would have shrunk from such a threat. The action of the United States in the face of the German menace would be founded on a high moral basis. He hoped, however, that nobody would suppose that the action of America would make it less incumbent upon the allies to do the utmost possible to win the war.

DOING GOOD.

By John Kendrick Bangs.

His English, it was rather queer, And very often far from clear, And sometimes using "good" for "well." His critics jeered and sneered a spell. But when I asked him how he did No truth his faulty diction hid, For when he said "I'm doing good" I very clearly understood.

That he was doing well, and more— The while I looked his efforts o'er I found this chap of whom I tell Was doing GOOD as well as WELL. And in despite his verbal plight However he put it he was right.

BRITISH STEAMER SUNK: NO WARNING

REPORTS SAY PORT ADELAIDE VICTIM OF GERMAN SUB.

By Associated Press.

London, Feb. 7.—An official statement issued today by the British government concerning the sinking by a German submarine of the British passenger liner Port Adelaide, said:

"The British steamer Adelaide, carrying passengers from London to Australia, was torpedoed without warning on Saturday by a German submarine. The passengers were rescued by the Dutch steamer Samarinda and landed at Vigo. The master, however, was made prisoner aboard the submarine. "Germany's withdrawal from her pledge to the United States not to sink passenger ships without due warning thus has been emphasized."

The sinking of the British steamship Adelaide was reported by Lloyds' shipping agency on Tuesday, when it was announced that ninety-four of the passengers and crew had been picked up at sea. The Port Adelaide was of 8181 tons gross. She was built in 1911 and owned by the Commonwealth and Dominion line.

Belgians May Suffer From Blockade, Germany Declares

Havre, Feb. 7.—The Belgian government, replying to inquiries made by the Associated Press respecting the effects upon Belgian relief work of the submarine warfare, charged the German administration at Brussels to communicate its determination to the American, Spanish and Dutch ministers at Brussels, and to the president of the national committee for Belgian relief and supplies, making known to them the terms of the blockade decreed against England and in the Mediterranean.

AUSTRIA WANTS TO KEEP FRIENDSHIP

NATION HELPING GERMANY IN WAR WANTS PEACE WITH U. S.

By Associated Press.

Vienna, Feb. 7.—Government circles today were calmly awaiting new developments with regard to the submarine controversy with Germany and Austria. A high official said to the Associated Press that all the moves were in the hands of President Wilson; that the Austro-Hungarian government was not seeking complications and would do nothing which would enable the president to go before the American people with the claim that he had been driven to radical action.

The government's attitude appears to be calm intention to follow the policy announced. The desire to continue on good relations with the United States is universal on the part of the press and the public. This morning's Vienna newspapers again occupy themselves largely with President Wilson's action in severing relations with Germany. Personal attacks on the president are not indulged in, though the claim is made by many of the newspapers that President Wilson has finally unmasked himself and his cabinet and that, contrary to being an ardent peace promoter, he is really a silent ally of the entente and if Great Britain had ultimately faced defeat would have rushed into the breach any way.

CALIFORNIA WAS ARMED STEAMER

AMERICAN SURVIVOR SUPPOSED TO BE MEMBER OF CREW.

By Associated Press.

New York, Feb. 7.—The California, which sailed from New York for Glasgow January 29, was armed with a defense gun mounted aft. She was due in Glasgow today or tomorrow, or in absence of details as to her exact position when sunk, it was believed she must have been off the north of Ireland.

The vessel, which was of 8,662 tons, carried a full cargo, believed to consist in part at least of war supplies. Officers of the California, the first British passenger liner to be sunk since the publication of the recent German note defining a new sea policy, were Capt. John L. Henderson, Surgeon William E. Alger, Purser D. Ethrington, Chief Steward W. Henry.

The loss of the California leaves the Adriatic, Baltic and Celtic seas also British passenger vessels, now at sea, to be heard from, the Baltic being due to arrive in Liverpool today.

American Survivor.

The American survivor was John A. Lee of Montgomery, Ala., who is supposed to have been a member of the crew.

The California's passenger list follows:

First Cabin—J. L. Broughton, Shanghai, China. Second Cabin—Mrs. A. Smith, Mrs. J. Kidd, Edith Smith (infant), Calgary, Alberta; Mr. and Mrs. J. W. Anderson and son, Vancouver, B. C.; Mr. and Mrs. A. Gilchrist, New York City; Miss Rose Martin, White Plains, N. Y.; Alex. Martin, Detroit, Mich.; Mrs. A. Gut-bill, Caspar, Wyo.; Mrs. Mary J. Y. Third Cabin—J. Anderson, Boston, Mass.; Miss Margaret Sinclair, Boston, Mass.; Mrs. Jeanie McKinley, Bridgeport, Conn.; Miss Jessie Robertson, Buffalo, N. NOT CLASSED AS AMERICAN.

By Associated Press.

Washington, Feb. 7.—Legal authorities here were inclined to the opinion tonight that Mrs. Alexander Cuthill, one of the California's passengers, whose husband had taken out first naturalization papers, could not be classed as an American citizen. It was explained that under the naturalization laws the granting of first papers merely shows that the applicant has signified an intention to become a citizen.

SINKING OF LINER MAY BRING WAR

President Retires Before He Is Informed Officially of California Disaster.

COMPLETE REPORTS AWAITED

By Associated Press.

Washington, Feb. 7.—The steady stream of reports telling of the destruction of merchant ships by German submarines was brought to a climax tonight by a cablegram to the state department from Consul Frost at Queenstown announcing that the British passenger liner California had been torpedoed without warning and that an American citizen was among the survivors.

Whether this will prove to be the overt act to drive the United States into war no one would attempt to say tonight.

President Wilson, who must make the decision, had retired when the news came and officials did not awaken him.

Late in the afternoon he had been informed of a message from Consul Frost telling of the sinking of the California, but giving no details as to warning or the presence of Americans.

The president undoubtedly will wait for complete reports on the disaster before determining whether the time has come for him to go to congress to ask authority to "use any means that may be necessary for the protection of our seamen and our people."

The consul's first report said there was "one death and thirty hospital cases" among the more than 200 people on board the liner. The second added no information concerning casualties except that the survivors were landed at Queenstown tonight, among them being John A. Lee, of Montgomery, Ala., the only American known to have been aboard, and that some still were missing, including two women and several children. Lee is supposed to have been a member of the crew, as his name does not appear on the passenger list made public in New York.

The California, which was bound from New York to Glasgow, is the first big passenger steamer to be destroyed by a German submarine since the Mediterranean months ago. Her sinking has about swept away the last lingering hope here that Germany after all would permit passenger carriers to escape in an effort to avoid driving the United States to hostilities.

The message from Consul Frost came at the close of another day devoted to energetic preparations for the war regarded as virtually inevitable and to guarding against any act by the United States which might precipitate hostilities.

Germany Making Good.

With the California the immediate issue, officials were deeply impressed by the complete thoroughness of the German undersea campaign and the promise, on the figures of the last two days, of carrying out Germany's threat to isolate England completely. Lloyds' reports received here show a total of 55,600 tons for two days, or destruction at the rate of \$50,000 a month.

German naval experts have said it would be necessary to cut off one million tons a month to completely isolate England. If the present rate of \$50,000 a month destroyed is maintained it is suggested that the balance will more than be made up by the enormous amount of neutral shipping held in port by the various neutral governments and private shippers.

Hereafter the government will seek to have kept secret the fact of the departure of vessels for the war zone in order not to invite unnecessary risks. The treasury department has previously issued strict instructions against the publication of manifests and every effort will be made from now on to allow as little information as possible to find its way to German submarine commanders.

Neutrals With U. S.

The most of the neutral world will line up behind this country at least to the extent of protesting against the German campaign because evident to-day with reports that Spain, Norway, Sweden, Denmark, Brazil, Bolivia and probably other Latin-American countries would publish their replies shortly.

While it is not believed that any of these nations, particularly the European contiguous to Germany, will formally sever relations as this country has done, their protest is valued as a means of moral condemnation.

Republicans Want to Pursue Leak Inquiry

By Associated Press.

Washington, Feb. 7.—Strong sentiment among some democratic members of the "leak" investigating committee in favor of bringing the inquiry to a close Friday or Saturday, republican committee members declared tonight that they had just "begun to investigate."

Until it is proved beyond all doubt that the alleged leak originated with the two Washington newspaper men, J. Fred Essary and W. W. Price, who have admitted that they sent out warning messages on the peace note, the republicans say they will not agree to terminate the inquiry.

The republicans insist that some one "higher up" must have furnished the information, but we must not stop until we have found the source," said Representative Campbell of Kansas, ranking republican member of the committee.

Every indication tonight was that the committee was planning to close its case.

Another would authorize the commanding officer of the government of the ship yards and munition plants, the third would appropriate \$1,600,000 to purchase basic patents of aircraft.

At Secretary Daniels' suggestion the committee eliminated a provision for drafting into the naval establishment the officers, agents and employees of any private plants commanded.

Submarine Believed to Be Near Coast

By Associated Press.

Boston, Feb. 7.—The sighting of a strange vessel resembling a submarine was reported tonight to Capt. W. R. Rush, cable agent of the Boston navy yard, by Capt. Smith A. Ross, master of a harbor tug. Captain Ross said he saw the stranger four miles off Marblehead this morning. She was heading for sea, but soon after being sighted veered to the south, toward Cape Cod.

Captain Ross expressed the belief that it was a submarine. He was familiar with American undersea boats, he said, but was certain the craft he sighted was not one of the American type.

After receiving the report, navy yard officials began a check of vessels known to be in the waters, but all of which might answer the description of the tug were accounted for.

"I always like a medicine that Nature makes and one that is not all doped up. I bought another bottle of Vitalitas to keep at the store and home so I will always have it. I tell many people about it and they also say how much good it has done them. My trouble was rheumatism. I had it in my legs so bad I could not walk without cane; my knees would ache and pain me so I would almost cry out with pain. I cannot tell just why I bought Vitalitas but just want to say I am now thankful that I got it. I have no more rheumatic pains and feel very fine. I sleep good and have a good appetite; am getting fat again."

AMBASSADOR WILL LEAVE FOR MEXICO

FINAL INSTRUCTION LIKELY WILL BE GIVEN FLETCHER TODAY.

By Associated Press.

Washington, Feb. 7.—Ambassador Fletcher expects to leave Saturday for Mexico. Final instructions probably will be given him tomorrow by the president.

Official reports to the state department have shown traffic conditions between Vera Cruz and Mexico City so uncertain that the ambassador has not decided not to attempt to reach the capital by water, but to go by rail via Laredo. Rebels between the coast and the capital have cut the railway and attacked trains repeatedly in the last two weeks, practically isolating Mexico City from Vera Cruz. Private advices received today said Higinio Aguilar who was a general in Porfirio Diaz's army was operating in the vicinity with a strong force.

It also was reported that Manuel Palaez recently defeated the Carranza garrison at Tamihua, a few miles of Tampico and occupied several other small towns near Tampico.

In spite of conditions in Mexico, the state department's anxiety to get Ambassador Fletcher to his post has been increased by the rupture of relations with Germany, since it is recognized as a probability that an outbreak of hostilities would give rise to many problems that it would be desirable for an accredited diplomatic representative to handle.

HEMPHILL SAYS HE DREADED TO THINK OF AN OPERATION

AFTER TAKING TANLAC WACO
MAN SAYS HIS TROUBLES HAVE
ENTIRELY DISAPPEARED—WIFE
IS ALSO BENEFITED.

"It's a positive fact that Tanlac saved me from undergoing an operation," said P. R. Hemphill, a lineman who resides at 208 South Fourth street, in conversation with the Tanlac representative recently.

"I had such awful trouble with my stomach and side that I thought I had appendicitis and had made up my mind to be operated on," continued. "I just couldn't get any relief at all and got to the place where I was nearer dead than alive. Nothing I ate would digest, but would lay like hard lumps in my stomach and form gas that swelled me up as tight as a drum almost. I was in such agony at times that I got so nervous and irritable I could hardly bear for anybody to even speak loud to me. My kidneys bothered me so often at night that I couldn't get any rest and I just broke down completely.

"My wife began to suffer with indigestion and stomach trouble some time ago and with both of us sick, I hardly knew what to do. I dreaded to think of the operation until I was certain there was nothing else I could do, and one day I heard a man talking about how Tanlac had relieved him of stomach trouble, and thought as a last resort I would give it a trial.

"Well, sir, Tanlac went right after my troubles and straightened my stomach out in fine shape. I don't think I ever had appendicitis at all, but whatever the trouble was Tanlac put an end to it for I can eat hearty and digest my food and the pains in my side are all gone. I am gaining back my strength and weight all the time and am as cheerful and full of life as if I had never been sick a day. My kidneys are in good condition and I can sleep all night long and get up in the morning full of energy and with nerves as steady as a rock.

"My wife has been taking Tanlac at the same time I have and it has given her a splendid appetite and taken away the indigestion that had begun to bother her. She is as proud as I am about what Tanlac has done for both of us and our house is filled with good words for the medicine that has helped us so."

Tanlac is sold in Waco at Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

SLAYDEN-KIRKSEY MILL MACHINERY PURCHASED

PHILADELPHIA PARTIES BUY FIX-
TURES OF OLD PLANT.

Machinery in the old Slayden-Kirksey woolen mills at Thirteenth and Mary and Jackson streets has been sold by the trustees of the concern to Philadelphia parties. This machinery is now being packed and will be shipped to Connecticut.

The boilers and engines, the power plant section, also will be sold, and the buildings will be rented until such time as a buyer can be found. The machinery which has been sold will be used for the manufacture of woolen goods. W. D. Lacy, the Waco trustee for creditors of the old Slayden-Kirksey woolen mills, said yesterday afternoon that he did not know who the buyers were and could not give their names. He merely received a telegram telling of the sale and asking that the parties who would be sent to Waco be allowed to load the machinery and ship it to the new owners. The consideration is not given.

The machinery which has been sold consists of looms, cards, spindles, bobbins, mules, drying and scouring plants, and in fact everything pertaining to the actual manufacture of woolen goods. This machinery has been carefully looked after, no dust allowed to accumulate, and it has been run at intervals during the three years since the mills stopped operations, so that it is said that the machinery is in practically as good condition as on the day of the shut-down.

TO RAISE FUNDS FOR RED CROSS

TO PUT ON MUSICAL COMEDY TO
RAISE MONEY FOR OPERA-
TIONS—MEET HELD.

Judging from action taken last night by the Waco chapter of the American Red Cross association, there probably will be given within the next two weeks a great musical comedy with local talent participating, in charge of the Foster Producing company of Denver, the proceeds to be divided on a liberal basis for the local Red Cross chapter.

It is also probable that first-aid work of the chapter may be resumed at an early date, with the Girls' Honor guard leading the way and chapter members participating.

This was decided on at a meeting of the local chapter held last night at the Waco public library. President W. W. Seley presiding. A telegram from national headquarters was read, urging preparation for probable emergencies. In view of this probability of being called upon it was thought best by all present to take steps to raise money immediately.

A committee was appointed to see about putting on the musical comedy within two weeks. The producing company is to furnish all costumes and systematize and stage the affair. The committee named to take the matter up this morning with power to act is composed of Mesdames R. S. Lazenby, P. B. Crosby, C. A. Sherman and W. W. Seley, Miss Kyle Pace and J. H. Quaries. The committee will meet at 10 o'clock this morning in the Chamber of Commerce and take definite action.

If the comedy is put on it will be handled rapidly, but vigorously, as to preparations. According to press accounts, the Foster Producing company recently put on such a comedy at Dallas with success.

President Seley strongly urged preparation last night, saying that the services of the Waco chapter may be urgently needed at any time. Despite bad weather, there was a creditable attendance.

The picture, "One Touch of Sin," is a vigorous story of a woman who pays the price in shame and sorrow.

HIPPODROME.

"The Great Secret."
The reasons for the success of "The Great Secret," the new Metro serial, starring Francis X. Bushman and Beverly Bayne and showing at the Hippodrome theatre today only, are far from secrets. In the first place, the presence of the two great stars augurs nothing but the greatest success and highest interest. Mr. Bushman plays seven distinct types in the course of the story, appearing as William Montgomery Strong, a wealthy clubman, and then appearing in disguise six times as a Chinaman, a longshoreman and other characters. He is the idealized hero, the wealthy man of leisure, the protector of the helpless, the lover of adventure, the avenger of wrongs and the ardent and romantic wooer. Miss Bayne plays the part of a modern New York girl, a girl reared in straitened circumstances by a widowed mother, but brought into a fortune through her uncle.

PATRIOTIC DANCE BY D. A. R. TO BE TONIGHT

PROCEEDS TO BE USED IN BUY-
ING TABLET TO MARK SPRINGS.

Arrangements have been completed for the patriotic dance to be held under the auspices of the Henry Downs chapter, Daughters of the American Revolution, at the Progress club hall tonight at 8 o'clock.

First plans for the social event tonight were for a bal poudre, but owing to the diplomatic break between the United States and Germany the plans were changed.

Through the courtesy of Sanger Bros. the hall will be decorated in patriotic colors. The dance will not be a fancy dress affair, but elaborate arrangements indicate the ball to be one of the social events of the year.

Members of the organization are determined to make a success of the dance, that they may place a tablet in the park that incloses the old Waco spring south of the suspension bridge.

POLLY AND HER PALS

LA GRAVE CONFIDENT OF 8 TEXAS CLUBS

AUSTIN AND PORT ARTHUR ARE FIGHTING FOR BERTH.

Fort Worth, Feb. 7.—Paul A. La Grave, business manager of the Fort Worth club, has returned from the winter session of Texas league managers at Houston. La Grave is confident that eight clubs will face the barrier when it is sprung for the opening of the 1917 season.

Austin and Port Arthur are making a keen fight for the berth now held by Galveston, but it is by no means certain that the Island fans will let their franchise slip away. The Galveston owners have been given until February 10 to make some disposition of their holdings and it is understood that the chamber of commerce of that place may take some action toward getting the Pirate franchise.

The schedule for 1917 was adopted at Sunday's meeting of the league, according to La Grave, dates for the eighth club being left open for the substitution of any name that may get the Dolson properties. If Austin is the lucky bidder, a few minor changes will be necessary in the present arrangement for the northern division clubs will stand.

In spite of the fact that the first inter-sectional clashes were left to the toss of a coin, and that La Grave, who was pulling for the South Texas teams to come north first, won the toss, he was overruled on vote of the league and the north and south, which include Fort Worth, Dallas, Waco and Shreveport, will go south immediately after their initial clashes in this section of the country. The change was made after a tentative schedule had been arranged and was put before the league for adoption. Ellis Hardy of Waco and W. A. Sullivan of Shreveport voting with the South Texas contingent, both claiming that their teams draw better toward the latter part of the season than in the early part.

Three New Buffaloes Are Roped by Houston

Houston, Feb. 7.—Three new Buffaloes have been roped by Doak Roberts for this season's play—a pitcher, infielder and an outfielder.

William Stelbauer, the outfielder released to the Buffs by Connie Mack, has signed Houston paper. He and Doak had a get-together session and when Stelbauer went home Doak had filed another contract.

Stelbauer is a Houstonian and has been here all winter. Connie Mack decided that he was not yet ripe enough for the big company and let him go. He will be classed on the Buffalo team as one of the young players of which there must be four. Although he has played in both major leagues and class A baseball, he has not gone the limit made by the Morris resolution—fifty games. For pitchers the test is fifteen games before they come under the young player rule.

Dougherty is the name of a pitcher whose contract was accepted Tuesday. Dougherty played independent ball last year with Enid, Okla. He comes with good recommendations. Chick Knaupp having spoken the good word for him. Last year he won seventeen games and lost 2.

W. A. Smith is a shortstop who played last year in semi-professional ball at Monroe, La. He was sent a contract upon recommendation of Umpire Jack Ritter.

Roberts is well pleased with the three contracts he received, which brings the number so far up to fifteen who have signed with the Buffs for the 1917 season.

PRESIDENT HOUGHTON SAYS HIS ORGANIZATION IS VERY BUSY.

Boston, Feb. 7.—The Boston National league club has obtained options on eight players who are members of clubs of AA classification and is seeking five more, as a means of recruiting a team in the event of a strike by the members of the league. President Houghton, who was announced tonight, the men upon whom options have been closed and money paid are among the best in minor league ranks, he said. In each instance delivery of the player has been guaranteed.

The decision of the Boston Nationals to take this measure to oppose the strike was decided upon jointly by Manager George T. Stallings and President Houghton, it was stated. It was understood that Stallings will make an effort to regain the services of Vincent Campbell, an outfielder, and Frank Schmidt, first baseman, both former members of the team, now engaged in business in Baltimore.

The Boston club to date has the contracts of only eight members of the team, although four others have agreed to meet the quinter. No player will be taken to the spring camp unless he has signed, the club president asserted.

WACO HIGH AND BRYAN ACADEMY CLASH TODAY

BASKETBALL GAME TO BE AT Y. M. C. A. THIS AFTERNOON.

The basketball team representing Bryan academy of Brownsville will meet the quintet representing Waco high school this afternoon at 5 o'clock at the Y. M. C. A. gymnasium.

Bryan academy's aggregation is on a tour of the state and will meet all comers.

Waco high has made some changes in the line-up in the past few weeks and are placed at a small disadvantage for the contest this afternoon. The changes made in the line-up were necessitated because of the graduation of Knebel and Hill last Friday night.

OLD BASEBALL MAN DIES SUDDENLY

Boston, Feb. 7.—Timothy H. Murnane, former president of the New England and the Eastern Baseball leagues, vice president of the national board of professional baseball clubs and baseball editor of the Boston Globe for thirty years, dropped dead in a theatre tonight. He was 65 years of age. Murnane was one of the most widely known baseball reporters in the country.

Two More Players to Join World's Champs

Boston, Feb. 7.—Herbert J. Pennock, a pitcher, and Oscar Jenkins, an outfielder, sent their signed contracts to-day to the Boston American league baseball club. Jenkins was secured last fall from the Griffin, Ga., club of the Georgia-Alabama league.

At the National league headquarters it was stated that the signed contract of Joseph V. Wilhoit had been received, accompanied by a letter saying that the contract was conditional upon the approval of the Baseball fraternity of which Wilhoit is a member.

COTTON HOLDS, PRICE ADVANCES DURING DAY

NET CHANGE FOR DAY IS FROM 2 TO 14 CENTS.

By Associated Press. New Orleans, Feb. 7.—The cotton market here had its periods of steadiness today and at one time bulged sharply, but on the whole it was a small and tame affair with the trade patiently waiting for international political conditions to take on a more definite shape. The net change for the day was a net rise of 2 to 14 points.

The bulge came toward the middle of the day when prices were shot upward about 20 points on the rumor that England would extend its government insurance to neutral bottoms and cargoes, thereby giving shippers and owners of vessels low enough rates to tempt them to risk the submarine blockade. A denial of the report by underwriters was heard in the afternoon and the market settled back into its quiet.

New York.

New York, Feb. 7.—The cotton market showed continued nervousness and irregularity today, with trading comparatively quiet. May contracts sold up from 15.50 to 15.77, declined to 15.57 and closed at 15.52, with the general list closing very steady. 4 points lower to 12 points higher. New crop months were relatively steady during the entire day.

The market opened steady at a decline of 7 points to an advance of 3 points and sold about 7 to 15 points net lower during the first few minutes. Cables were about as due, but local traders seemed uneasy over shipping conditions, while there was some Liverpool selling here and local selling was encouraged by a decline in New Orleans.

Around 15.34 for March and 15.55 for July the market steadied, however, on trade buying and covering with demand becoming more active following reports that the British government had decided to offer marine insurance to neutral shipping at very low rates.

The few advices received here from southern spot markets indicated no change in the situation.

GRAIN MARKET.

Chicago, Feb. 7.—Activities of German U-boats caused sharp drop today in wheat values. The market closed unsettled 4 cents lower, with May at \$1.69 1/2 to \$1.70 and July at \$1.46 1/2 to \$1.47 1/2. Corn and oats showed virtually no changes compared with twenty-four hours before. The outcome in provisions was a set back of 7 1/2 to 10c to 52 1/2c.

Crop damage reports from west of the Missouri river tended to sustain the July and September options, but had no effect on the May delivery, which at one time showed a fall of 5 1/4c under yesterday's latest figures.

Corn showed much strength in the face of wheat weakness and of selling on the part of a prominent long.

Oats merely reflected the action of corn.

Provisions were governed largely by the course of the hog market.

BILL INTRODUCED TO GIVE R. R. MORE TIME

M'NEALUS MEASURE WOULD PRO-
LONG EXTENSION TWO YEARS.

By Associated Press.

Austin, Feb. 7.—Senator McNeal today introduced in the senate a bill providing for an extension of time for two years to railroads in which to complete extensions and branches. A bill was also introduced by Senator Bee empowering county commissioners to increase the salary of the county school superintendent to a maximum of \$2500 a year based on the scholastic population.

The senate committee on criminal jurisprudence reported favorably on the bill by Senator Johnston making it an offense for a person to make a false statement in writing in order to obtain credit.

The bill making certain amendments to the employers' liability act was made a special order for next Thursday morning in the senate.

The senate passed finally two house bills relative to citation by publication. One provides that answers in cases cited by publication shall be filed within four weeks instead of eight as at present; the other provides that answers in cases cited by publication of defect corporations shall be filed, also within four instead of eight weeks and the failure to file such answers shall not be grounds for continuance of such case. Also passed finally.

Bill by Johnston, providing for salary for the assistant district attorney of the criminal district court of Harris county.

By Hudspeth and Johnston: Quiet-
ing the title to five thousand acres of land situated in Harris county.

SAYS WORDS FAIL TO RELAY STORY

Well Known Chicago Man
Had Suffered Torture
for Years With Stomach
Trouble.

Nature, like an army when attack-
ed, has warnings and signals that
should never go unheeded. When the
stomach, liver or kidneys suffer slight
derangements they send out their
burly call to be careful. Each has its
warning note, which frequently takes
the form of indigestion, dyspepsia, gas
on the stomach, pains in the back or
sides, dizziness, sleeplessness, etc. Nine
out of ten people ignore these first
symptoms and wait until serious illness
has laid them low before they seek
relief.

Plant Juice, the new herbal stom-
ach remedy, assists Nature, and will
bring relief in practically all cases of
a deranged stomach, liver or kidneys.
Thousands of local people are testify-
ing to the benefits they have received
after they had practically given up all
hope of permanent relief.

One of the latest signed testimonials
is that of Mr. Marion B. Early, who
lives at No. 3137 Cottage Grove ave-
nue, Chicago, Ill., and is employed by
one of the largest printing establish-
ments in the city. Mr. Early is well
known in this city, having resided here
for the past 40 years. He said:

"After suffering indescribable tor-
ture from stomach trouble for years,
with awful pains in the pit of my
stomach and bowels, I am glad to
give this public statement of what
Plant Juice has done for me. I got a
bottle at the Public Drug Company,
and to my great surprise it gave me
immediate relief, and has put my
stomach in fine condition. It is al-
most beyond the power of pen to de-
scribe the relief and joy I feel, and to
say that I am deeply grateful for what
this superb remedy has done for me
is expressing it very mildly. I cannot
recommend Plant Juice too highly."

Plant Juice is sold in Waco at Mor-
rison's Old Corner Drug Store.

"BONE DRY" LAW LIKELY BE MODIFIED

NEW MEASURE WILL BE OF-
FERED IN HOUSE FRIDAY.

By Associated Press.

Austin, Feb. 7.—After an entire morn-
ing spent in consideration of the bill
by Robertson increasing the salaries of
justices of the supreme court to \$7000
and of the appellate courts to \$6000, the
house engrossed the bill today by a
vote of 67 yeas to 62 nays. There were
numerous amendments offered ranging
from one to strike out the enacting
clause to a number reducing the salar-
ies of all the judges. All of these were
defeated and the bill to be amend-
ed will now need 95 votes.

In the senate a number of measures
of minor importance were considered.
Several bills were passed with refer-
ence to citation by publication. A bill
abolishing the state ware-
house department was reported favor-
ably in the house.

The "bone dry" resolution, which was
recently voted down by the house, will
be offered in a modified form to the
submission amendment defeated on last
Friday, when the measure is called up
Friday, when the measure is called up
Friday. The new amendment pro-
vides that manufacture, sale, barter,
exchange, transportation interstate or
intrastate and storage shall be illegal.

It has been drafted by French Pen-
ney, one of the proponents of the origi-
nal resolution, and according to Mr.
Spencer there are enough votes pledged
now to insure its passage. It will re-
ceive a combined pro and anti support,
owing to pledges of many anti to sup-
port such a measure when the former
submission resolution was defeated.

Representative Cope, who has been
active in the behalf of the original
and defeated committee resolution, will
oppose the bone-dry resolution, he
stated.

Million a Year, Movie Star Demands

By Associated Press.

New York, Feb. 7.—Albert E. Smith,
president of a large motion picture
producing company, told members of a
legislative investigating committee here
today that a film star he tried to en-
gage demanded a salary of \$1,000,000
a year.

"She did not get it, did she?" asked
a member of the committee.

"Not from me," replied Smith.
The witness declared that "unless a
kind provision reduces the salaries of
some stars the producers will have to
go out of business."

Smith said he did not think the pro-
ducers could pay state taxes.
Edwin Thannhauser, another witness,
corroborated Mr. Smith. He asserted
it as his belief that the majority of
manufacturers are losing money.

Transfer Company Case Reversed by Court

By Associated Press.

Austin, Feb. 7.—The supreme court
today reversed and rendered the case
of the North Texas Transfer company
vs. the state of Texas from Travis
county. In reversing this case the
court held that the legislature in the
tax act of 1907 did not intend to in-
clude interurban railways in the use
of the term doing an express business
by railroad or water, and that express
companies doing business only on in-
terurban railways are not subject to
the tax imposed in this law.

The attorney general said the trans-
fer company for occupation taxes
amounting to \$8,249 on the grounds
that it was doing an express business
by railroads.

judgment of the district court af-
firmed in the case of the state of Tex.

contributors of well-pre-
pared papers and Mrs. Will McCall
gave readings. Selected music was
given by Mrs. L. C. Connor of Burlington, Iowa, was a
guest. The social hour found Miss
Taylor pouring tea in hospitable fash-
ion.

Carson-Alexander.

At the residence of Mr. and Mrs. R.
W. Niedlin, 1206 North Fifteenth, Mr.
H. Carson and Miss Hattie Carson were
happily married on Tuesday after-
noon at 5 o'clock. Rev. J. Grier officiated.
The marriage was a quiet one, only the
groom's mother and a few intimate friends
being present. Miss Carson is one of Waco's
popular girls. Mr. Alexander is the
son of Mrs. Florence Alexander of 1310
Austin street, and a deservedly popular
young man, who numbers his friends
by his acquaintances. There have ap-
parently been the groom's mother where
they will be pleased to see their friends.

Mrs. W. S. Witte Dispenses Hospi-
tality.

Mrs. Robert Montgomery received a
most attractive desk electrolier with
old rose shade, as head prize when
the Young Married Ladies' Bridge club
met with Mrs. W. S. Witte on Wednes-
day. Mrs. Witte entertained deligh-
tfully and this afternoon was unusually
enjoyable. Playing substitute hands
were Mesdames Parks of Kyle, H. M.
Penland, Wilton L. Bragelton, Charles
Schuler, Mark Hannah, Edwin Carroll,
William Kelly, Misses Jimmie Horne
and Florence Patton. The consolation
cup went to Mrs. Clinton. A hot luncheon
of dainties came as a finale of the afternoon's
pleasures.

Junior Euterpeans Bring Youthful

The trio of artists to be heard on
Tuesday in matinee attraction at Bay-
lor Chapel are the third and last of
the C. W. Best artists' series that the
Junior Euterpeans bring here this season.
In this connection it will be of in-
terest to know that the violinist,
Winston Wilkinson, although still in
his teens, is one of the most brilliant
young American-trained violinists now
before the public. He is a native of
America by birth and lineage and has
had all of his training in his native
town, Lynchburg, Va., should be a
matter of pride not only to the south
but to all those who are working for
the artistic development of our coun-
try.

Stomach Medicines Are
Dangerous

DOCTORS NOW ADVISE MAGNESIA.

Just how dangerous it is to indiscrimi-
nately dose the stomach with drugs and
medicines is often not realized until
late. It seems so simple to swallow a
dose of some special mixture or take
tablets of soda, cathartics, laxatives, or
mercury, and the folly of this druging is
not apparent until, perhaps years after-
ward, it is found that gastric secretions
have almost eaten their way through the
stomach walls. Regrets are then un-
avoidable. It is in the early stages when
indigestion, dyspepsia, heartburn, flatu-
lence, etc., indicates excessive acidity of
the stomach and fermentation of food
contents that prescription should be
discontinued and the stomach treated
with safe and effective remedies. Mag-
nesia is an absolutely pure anti-acid
drug and medicines are unsatisfactory
and dangerous—they have little or no
influence upon the harmful acid, and
that is why doctors are discarding them
and advising sufferers from indigestion
and stomach trouble to get rid of the
dangerous acid and keep the food con-
tents bland and sweet by taking a little
pure bisulphate of magnesia instead. Bisul-
phate of magnesia is an absolutely pure
anti-acid which can be readily obtained from
any drug store. It is absolutely harm-
less, tasteless and a tea-
spoonful taken in a little warm or cold
water after meals, will usually be found
quite sufficient to instantly neutralize ex-
cessive acidity of the stomach and pre-
vent all possibility of the food ferment-
ing.

try," say those who have heard him.
Francis Allan Wheeler and Louis Brown,
baritone singer and pianist, respec-
tively, are two other artists who will be
enjoyed on this same afternoon.

Miss Elizabeth Patton Hostess.

Most delightfully were the Bridge
Juniors entertained on Tuesday by
Miss Elizabeth Patton, for their game
of this week. Miss Patton's only sub-
stitutes were Mesdames Edward Pat-
ton of Little Rock, Ark., and William
Topping Merry of San Antonio, both
of whom were members of the Bridge
Juniors until their marriage. The
club favor, a pretty camisole, fell to
Miss Marion Duncan, who made highest
score. Miss Duncan and Miss Mary
Farrell mingled with the club for the
first time since their return from an
absence of several months in the east.
The luncheon that followed the game
was unusually attractive and served
with the proverbial daintiness of the
hostess. Miss Anne Risher will have
the club next.

Nearly Half Inch of Rain Fell Yesterday

Rain up to 7 o'clock Wednesday morning totaled .36 of an inch, but the benefits from the slow rain made the fall worth as much as at least a half-inch shower, in the judgment of several farmers yesterday.

They pointed out that the rain came down so slowly that every drop soaked into the ground, and that the effects were good on small grain. The small grain which is up will spread better now and that which had not come up will be encouraged to burst out of the ground.

Predictions yesterday afternoon were that more rain will come, and that there probably will be no dearth of moisture after the middle of February.

ARRANGEMENTS FOR BELGIAN CARNIVAL IS NEARLY COMPLETED

COMMITTEES MAKE REPORTS AT MEETING HELD HERE YESTERDAY MORNING.

Members of the Belgian relief carnival committee decided that the break between the United States and Germany will not materially affect their work of relieving distressing conditions in Belgium in a meeting held at the home of the general chairman, Mrs. Tom Padgett, yesterday morning. The need for aid in Belgium will be even greater now than ever before, according to the report of the chairman. It was stated if America could not dispense the relief Spain could and would. Chairman of the subcommittees in charge of the details for the carnival at the COTTON PALACE coliseum to be held February 20 made reports at the meeting. Mrs. Oscar Tribling, chairman of the music committee, reported arrangements made.

In the report of Mrs. Robert B. Dupree, chairman of the decorating committee, it was shown that many flags and bunting for decoration had been secured. A report from the committee to sell boxes indicated the members are meeting with much encouragement and success. Mrs. Maud Cole of the entertainment committee has arranged for many attractive and high-class entertainers.

Punch and soft drinks will be refreshments to be served according to the report of Mrs. Hill of the committee on refreshments.

Waco May Have New Social Family Club

Waco is to have a family social club at an early date if present plans materialize. This announcement was made yesterday afternoon, following discussion of the proposition for some time.

According to plans the club may be erected on the site of the old Huaco club which burned on the morning of January 4. This location is at 27th and Eighth and Morrow streets. The location of the club will be left to the decision of the stockholders who are to meet soon.

If the old Huaco club site is used, Sanger avenue will be opened. There will be no blocking of any streets in that section of the city, it is announced, as the club will have a block and a half of ground.

If this site is not used one nearer town may be bought. Steps are being taken to secure options now. About seventy-five prominent residents have indicated their readiness to enter the new organization.

Missing Man Is Found; Was Only Out Visiting

Tom Wilkerson, who was believed to have had an accident of some kind, as he failed to return to his home on Tuesday, is back at home, and says the whole matter was due to an undelivered telephone message which he intended for his wife, but failed to reach her.

Wilkerson appeared at the city hall yesterday and told some of the men there that he went to West Tuesday, and that before going he telephoned a neighbor, asking that his wife be notified that he was going there and would not be at home Tuesday.

The message was not delivered to his wife, according to the statement made to the officers.

Mr. Marks was formerly connected with the Marks Millinery company of this city and is considered one of the best judges of millinery and styles in the South.

"Crap Shooters" Are Arrested; Given Fines

Carload of Holstein Cattle Bought by Men Here; Are Inoculated

In the interests of better dairying and to improve their stock on hand, E. W. Marshall and his associates interested in the H. R. M. dairy, together with J. B. Earle and J. S. Harrison have brought thirty-six head of Holstein cattle to Waco.

Each head of this stock was inoculated yesterday against the tick and tick fever by Dr. M. Schmidt of the A. & M. college. H. D. Driscoll, secretary of the Chamber of Commerce, got in touch with Dr. Schmidt while the latter was in Hillsboro and had him come to Waco.

These registered Holsteins were shipped into Waco from Barrington, Ill. They are being kept in one of the barns at the Cotton Palace grounds at present.

Shippers' Association to Meet Here Tuesday

P. E. Woolfolk, president of the Texas Butter, Eggs and Poultry Shippers' association, announces a meeting of the association in Waco Tuesday.

Officers of the association are P. E. Woolfolk, Waco, president; Ben Abloh, Dallas, vice president; W. C. Wither, Brownwood, secretary and treasurer.

All meetings of the association will be held in the Young Men's Business League rooms. As a social feature of the meet a banquet is planned for Tuesday night. Delegates attending will have their headquarters at the Raleigh hotel.
